

# PROJECT PROFILE

## IOWA EVENT CENTER, HYVEE HALL, DES MOINES, IA

### Specifics

Location: Des Moines, Iowa  
Owner: City of Des Moines  
Material: Miscellaneous Steel Package  
Ramark's Value: \$955,426.00

### Project Details

This new multi-million dollar convention center was completed in 2004. The structure was multiple floor with access by means of elevators, escalators and architectural stairs and rails. Ramark teamed up with Drake Williams Steel on this project. The stairs were constructed using large box tube with stainless steel risers and pan treads filled with concrete and carpeted with a rail system incorporating stainless steel handrails and standard steel picket guardrail. The stairs were twelve feet in width and had a rise of twenty-four feet in elevation. The facility has two pedestrian stairs and several hundred feet of guardrail and handrail throughout the gathering area.
